University of Northern Iowa

Department of Applied Engineering & Technical Management Transfer Guide

Hawkeye Community College

Associate of Applied Science (A.A.S.) – Electronics Engineering Technology

Transfer guide to the University of Northern Iowa

Bachelor of Science (B.S.) – Electrical Engineering Technology

1. When will I graduate?

Students transferring to UNI from this A.A.S. program at Hawkeye should **expect to take 66 credits at UNI**. Assuming that the student is starting at UNI during the fall semester, it will take roughly four semesters (two years, a fall/spring/fall/spring sequence), with one summer course, to graduate.

Transfer Credit Summary	Credits
A.A.S. credits transferring directly into UNI program	48
Other credits transferring to UNI	6
Total credits transferring towards UNI degree	54
Total credits needed at UNI	**66** (120 total)

2. What A.A.S. courses transfer?

Upon completion of this A.A.S. degree, the following courses within the listed program at UNI will be completed:

- MATH 1140 – Precalculus (4 cred.)
  - Students must complete MAT 504 – Electronics Math I **&** MAT 514 – Electronics Math II at Hawkeye.
- PHYSICS 1511 – General Physics I (4 cred.)
  - Students must complete PHY 162 – College Physics I ***or*** PHY 183 – Applied Physics at Hawkeye.
- CS 1160 – C/C+ Programming (3 cred.)
- TECH 1037 – Introduction to Circuits (3 cred.)
- TECH 1039 – Circuits & Systems (3 cred.)
- TECH 2051 – Analog Electronics (4 cred.)
- TECH 2053 – Digital Electronics (4 cred.)
- TECH 3160 – Computer-Aided Instrumentation & Interfacing (3 cred.)
- TECH 4103 – Electronic Communications (3 cred.)
- Additional university electives transferring (17 cred.)

3. What other courses transfer?

Other courses built into this A.A.S. curriculum, or open electives, will also transfer to UNI. The following courses are recommended to take at Hawkeye as part of this A.A.S. curriculum:

- PSY 102 – Human & Work Relations ***or*** PSY 111 – Introduction to Psychology ***or*** SOC 110 – Introduction to Sociology (3 cred.)
- SPC 101 – Fundamentals of Oral Communications (3 cred.)

Bachelor of Science (B.S.) – Electrical Engineering Technology

4. What would I study at UNI?

By completing the recommended A.A.S. degree plan, the student would be required to complete the courses in black, listed below, at UNI.

Math/Science Coursework		Cr.
~~CS 1160~~	~~C/C++ Programming~~	~~3~~
~~MATH 1140~~	~~Precalculus~~	~~4~~
MATH 1150 **or** MATH 1420	Calculus for Technology **or** Calculus I	4
~~PHYSICS 1511~~	~~General Physics I~~	~~4~~
STAT 1772	Intro to Statistical Methods	3
	Total Credits Remaining	**7**

Technical Core		Cr.
ENGR 1000	Intro. to Eng. & Prof. Practices	3
~~TECH 1037~~	~~Intro to Circuits~~	~~3~~
~~TECH 1039~~	~~Circuits & Systems~~	~~3~~
PHIL 1560	Science, Technology & Ethics	3
~~TECH 2051~~	~~Analog Electronics~~	~~4~~
~~TECH 2053~~	~~Digital Electronics~~	~~4~~
TECH 2055	Elec. Power Systems & Mach.	4
TECH 3129	Linear Control Systems	3
TECH 3157	Microcontroller Applications	3
~~TECH 3160~~	~~Comp.-Aided Instru. & Interfacing~~	~~3~~
TECH 3164	Programmable Logic Controllers	3
~~TECH 4103~~	~~Electronic Communications~~	~~3~~
TECH 4104	App. Digital Signal Processing	3
TECH 4165	Wireless Comm. Networks	3
TECH 4167	Power Electronics Applications	3
ENGR 4500	Senior Design	3
ENGLISH 3772	Tech. Writing for Eng. Tech.	3
	Total Credits Remaining	**34**

UNI Foundational Inquiry (UNIFI)	Cr.
WR - Written Communication	3
~~OC - Oral Communication~~	~~3~~
~~QR - Quantitative Reasoning~~	~~3~~
~~HD - Human Condition (Domestic)~~	~~3~~
HG - Human Condition (Global)	3
SR - Scientific Reasoning (with Lab)	4
HE - Human Expression	3
~~RE – Responsibility~~	~~3~~
UNIFI certificate **or** UNIFI electives	12
Total UNIFI Credits Remaining	**25**

Credits needed to earn UNI degree	**66**

5. How would I complete my degree?

Based on the remaining coursework, below is a semester-by-semester breakdown of how the student would complete any remaining requirements at UNI.

Fall 1	Cr.
STAT 1772	3
ENGR 1000	3
PHIL 1560	3
UNIFI course	3
UNIFI course	3
Total	**15**

Spring 1	Cr.
MATH 1150	4
TECH 2055	4
ENGLISH 3772	3
UNIFI course	3
UNIFI course	3
Total	**17**

Summer 1	Cr.
UNIFI course	3
Total	**3**

Fall 2	Cr.
TECH 3129	3
TECH 3157	3
TECH 4165	3
UNIFI course	4
UNIFI course	3
Total	**16**

Spring 2	Cr.
TECH 3164	3
TECH 4104	3
TECH 4167	3
ENGR 4500	3
UNIFI course	3
Total	**15**

Other Important Information

- This transfer guide is based off of the 2024-2025 academic catalogs at UNI & Hawkeye Community College and includes future adjustments to the UNI curriculum.
- Courses listed in the Remaining UNI Plan of Study section are subject to change at any time and are based on a fall semester start.
- This transfer guide assumes the student is only transferring in coursework from this A.A.S. degree plan. Students ***may transfer additional credits to UNI***, which will be evaluated on an individual basis.
- The UNI Foundational Inquiry (UNIFI) at UNI is the collection of general education courses required by the institution to fulfill the universities mission. For more information, visit unifi.uni.edu.
