

Undergraduate Computer Science Course Structure

Most focus area courses have CS 1800 and CS 1520 as Prerequisites (plus any shown in Core).
 CS 3810 & CS 2420 (yellow background) have different Prerequisites.
MATH 3530 has the following Prerequisites: MATH 1420 or (CS 1800 + junior standing)

CS 4800: Research in Computer Science - Must be discussed with and approved by Advisor.

CS 4880: Topics in Computer Science - Counts as an elective or as an area course, depending on topic.
