Associate of Science (A.S.) – Engineering Transfer Major

Transfer guide to the [University of Northern Iowa](#)

Bachelor of Science (B.S.) – Automation Engineering Technology

1. When will I graduate?

Students transferring to UNI from this A.S. program at Kirkwood should **expect to complete 63 credits at UNI**. Assuming that the student is starting at UNI during the fall semester, it will take roughly four semesters (two years, a fall/spring/fall/spring sequence), with no summer course work, to graduate.

Transfer Credit Summary	Credits
A.S. credits transferring directly into UNI program	54
Other credits transferring to UNI (Extra recommended courses)	3
Total credits transferring towards UNI degree	57
Total credits needed at UNI	63 (120 total)

2. Which A.S. courses transfer directly into the AET major?

Students from a community college that transfer an Associate of Science (A.S.) degree to UNI will automatically transfer all requirements towards the UNIFI general education curriculum to UNI. Students holding an A.S. degree from a community college are exempt from any general education (gen ed) courses at UNI.

Upon completion of this A.S. degree, the following courses within the listed program at UNI will be completed:

- CS 1160 – C/C++ Programming (3 cred.)
- MATH 1420 – Calculus I (4 cred.)
- PHYSICS 1511 – General Physics I (4 cred.)
- All remaining requirements towards the UNIFI general education program at UNI (33 cred.)
- Additional university elective credits transferring to UNI (10 cred.)

3. Extra recommended courses to complete.

The following courses are recommended to take at Kirkwood as part of the A.S. curriculum or as an elective:

- **MAT 156** – Statistics (3 cred.)
