

Southeastern Community College

Associate of Science (A.S.) – Engineering Transfer Major

Transfer guide to the [University of Northern Iowa](#)

Bachelor of Science (B.S.) – Manufacturing Engineering Technology

1. When will I graduate?

Students transferring to UNI from this A.S. program at Southeastern should **expect to take 61 credits at UNI**. Assuming that the student is starting at UNI during the fall semester, it will take roughly four semesters (two years, a fall/spring/fall/spring sequence), with no summer course work, to graduate.

Transfer Credit Summary	Credits
A.S. credits transferring directly into UNI program	56
Other credits transferring to UNI	3
Total credits transferring towards UNI degree	59
Total credits needed at UNI	61 (120 total)

2. Which A.S. courses transfer directly into the MET major?

Students from a community college that transfer an Associate of Science (A.S.) degree to UNI will automatically transfer all requirements towards the UNIFI general education curriculum to UNI. Students holding an A.S. degree from a community college are exempt from any general education (gen ed) courses at UNI.

Upon completion of this A.S. degree, the following courses within the listed program at UNI will be completed:

- CHEM 1110 – General Chemistry I (4 cred.)
- CS 1160 – C/C++ Programming (3 cred.)
- MATH 1420 – Calculus I (4 cred.)
- PHYSICS 1511 – General Physics I (4 cred.)
- All remaining requirements towards the UNIFI general education program at UNI (22 cred.)
- Additional university elective credits transferring to UNI (19 cred.)

3. Extra recommended courses to complete.

The following courses are recommended to take at Southeastern as part of the A.S. curriculum or as an elective:

- MAT 156 – Statistics (3 cred.)
